## About Leader Edge

The Leader Edge features a thin flat faced frame system (10.6mm) with a slightly curved ultra slim edge (1.8mm), creating one of the industry's cleanest looking, elegant aluminum frame systems. The variety of sizes and special designs is endless. The extrusions design allow the use of a variety of insert materials and decorative techniques.

The sign face can be made from a variety of flat sheet materials up to 3mm thick such as: Acrylic, aluminum, composite aluminum panel, glass, wood, etc.

The Leader Edge is offered as a perimeter frame profile that can be ordered in almost any desired size, and three economical full wide body profiles 55, 107, 153mm use ABS end caps for standard room sign units that can be cut to any desired length.

A molded injected ABS end caps for the 3 economy profiles are available in 3 finishes: Grey, black and a unique shiny chrome plated.

The Leader Edge offers a complete wayfinding solution, from door signs, table stands, projecting flags, suspended signs to directories. The endless design options combined with the latest digital printing abilities makes the Leader Edge a perfect choice for your next signage project.
